

### **Vailog completed 47,000 m<sup>2</sup> in Castel San Giovanni**

On July 15<sup>th</sup> 2005, Vailog successfully completed a new warehouse of 46,872 m<sup>2</sup> in the Logistic Park of Castel San Giovanni (Italy).

The new building is leased to BSL S.p.A., a leading Italian 3rd-party logistics company. The building benefits from advanced fire protection specifications, as it is entirely dedicated to the new centralized archive of Gruppo Intesa, Italy's second-largest banking group.

This new building is part of the Logistic Park of Castel San Giovanni, which now totals 172,000 m<sup>2</sup> of completed warehouses. Customers include prime companies, such as Frans Maas, Giochi Preziosi and Norbert Dentressangle. Vailog has obtained construction permits allowing it to expand the Logistic Park by 115,000 m<sup>2</sup> in the coming 18 months.

For more information on our existing and future developments, you can download our brochures and watch our permanent webcam at [www.vailog.com](http://www.vailog.com).
