

## MAGENTA (Milan)

### Construction start for Lindt – 34,000 sm

On March 15 2007, Vailog started the construction of one of Europe's largest dedicated chocolate storage warehouses (34,000 m<sup>2</sup>).

The building will be completed on September 1 2007, while the first 2 storage units (10,000 m<sup>2</sup>) will be made available on June 30 2007.

The project is strategically located on the A4 motorway, just 20 km from Milan; it benefits from direct access to the A4 motorway exchanger and to the new expressway to Malpensa Airport.

The customer, Lindt & Sprüngli, one of Europe's largest producers of chocolate, will rent the building at completion and create 265 new jobs.

Please watch the ongoing construction on our on-line webcam:
